

LLOYD STAR GROUP INT'L INC.

COMPANY PROFILE

COMPANY OVERVIEW

Lloyd Star Group was established in 1957 and over the years has established itself as one of the largest Land, Sea, and Air Logistics solution providers in the region. Started as a family business in 1957 and established itself as strong player in UAE region in 1967. The company has offices in Dubai, Abu Dhabi, Muscat, and the Kingdom of Saudi Arabia, Led by Managing Director, Dr. JM. Afzal. The business has recorded substantial growth in the industry since the establishment of network liaison offices in the Kingdom of Saudi Arabia, Sultanate of Oman, United Arab Emirates, Kuwait, UK, and Pakistan.

In 2018, Lloyd Star Group expanded the operations to North America and established the North American office in Greater Toronto Area. Currently, the company has established strong operations through Toronto, Canada and constantly expanding to new routes within Canada and to the USA.

POLICY

QUALITY POLICY

- Lloyd Star Group is committed to deliver consistently high-quality transport services. Our business management team, especially Dr. J M Afzal, the Managing Director ensures this objective is met. This system is aligned to Lloyd Star Groups vision.
 - To be the company of first choice for all its customers/clients.
 - To challenge and change the image of transportation services.
 - To be lean and agile adopting work process to compete with the other industries
- Lloyd Star Group is committed to ensure that this policy is implemented by all the employees safely and in line with the legislation, regulations, codes of practice and the requirements of Dubai Municipality quality management systems. Continue improvements will be achieved through the implementations of business objectives, audits, data analysis, corrective and preventive actions and management review.

HEALTH & SAFETY POLICY

Lloyd Star Group Holds health and safety as a core business value. We are committed to a healthy work environment. To achieve this, we are striving to create a working culture where: -

- All employees take active steps to create safe working environments.
- Leadership, passion and commitment to health and safety are present at every level.
- Working safely, enhance quality, improve productivity and generates value.
- Attitude and behaviors replace statistics as a measure of success.
- People are empowered to make sound choices about their own safety and the safety of others.
- Peer pressure has replaced policing; acting unsafely is seen as antisocial.
- We have a well-trained and fully competent workforce that actively contributes to the safe planning of its work.
- Our commitment to safety and long-term health helps us in making the employer first choice.
- Our business welcomes only those who support our vision as we do not compromise on safety.
- Lloyd Star Group recognize the importance of discharging its statutory obligations and duties. As a minimum our health and safety obligations will comply with applicable legislation and authoritative guidance. We will take appropriate steps to meet and, in many cases, exceed these requirements. In doing so, we will help to make Lloyd Star Group first choice for all its customers/clients and challenge and change the image of land transport industry.
- The management particular the MD fully endorse this policy. The MD ensures that it is periodically reviewed and effectively implemented. Every one working for Lloyd Star Group is required to support and promote this policy and comply with the requirements and duties assigned to them. We take pride to return home safely every day.

ENVIRONMENT POLICY

- Lloyd Star Group is committed to the protection and enhancement of the environment. Environmentally sustainable performance is an ongoing priority to be achieved by a policy, operated in conjunction with our progressive teamwork.
- We will meet our environmental responsibilities by implementing and maintaining an environmental management system (EMS). The EMS applies to services provided by the company's permanent offices and transportation activities as per ISO.

Environmental Objectives

- Constantly strive to improve the sustainable performance of its activities and services.
- Comply with environmental legislation and environmental requirements applied to activities and services.
- Proactively seek to minimize the environmental impact of its activities and services.
- Reduce waste and improve efficiency.
- Reduce water consumption.
- Endeavour to eliminate the production of polluting emissions or discharges into the environment.
- Set objectives, targets and programs, and review/revise them regularly with the aim of improvement in environmental sustainability performance by organizing: -
 - Presentations/ communications.
 - Employee training
